Waiting for the "right time"

Hello Dennis,

Waiting for the "right time" is as smooth as sailing a boat with zero wind, on a cloudless day, and with zero current!

The last few years have been filled with near limitless events that can cause pause, confusion, or cause some folks to be timid.

The articles here in are meant to be a resource to develop concrete goals that will steer you through the ebbs and flows of life, so that you maximize your goals both in the short term and in the long-term.

This is key in building your financial well-being, to withstand all forms of weather, over a 5, 10, 20, 40+ year period. Financial wellness lasts for the duration of life.

"The most important investment you can make is in yourself."- Warren Buffett

Thank you,
HFS Wealth Advisors Team
